You have better access to dental care with Delta Dental Premier.

More dentists participate in the Delta Dental Premier network than in any other dental network. Over 95% of Missouri dentists participate, with over 185 dentists in and around Jefferson City, Columbia, Rolla, Sedalia and nearby towns. And, in a recent survey of State employee members, over 9 out of 10 were very satisfied or satisfied with the convenience of participating dentist locations.

Click on the [Dentist Search](#) link to find a Delta Dental dentist near you.

Enroll this October.
